## APRIL CULTURAL ATTRACTIONS

# DANCE

13-29 April

## **Poisoning the Well**

Celebrate Earth Day with the Trip Dance Theater as they present “Poisoning the Well,” a modern show depicting the convoluted relationship between humans and the Earth. The performance explores the imbalance between the Earth’s role in feeding our bodies and nourishing our souls, and the human tendency to deplete her resources and beauty. Using a blend of dance, sculptural costume design, video imagery and music made from homemade instruments, Trip provides a rich theatrical experience.
